

**ワイヤレスで新たな社会をデザインする  
～ 5G到来、そしてSociety 5.0へ～**

# ワイヤレス・テクノロジー・パーク (WTP) 2019

2019年 **5月29日水** ~ **31日金** 東京ビッグサイト西3・4ホール

Date : May 29-31, 2019 Venue: Tokyo Big Sight, Japan

**ワイヤレスの未来に出会える!  
産学官による最新の無線技術が集結する展示会・セミナー**

The exclusive exhibition, seminars, and academic programs that will connect you with the future of wireless communications and the latest technologies

- ▶ Society 5.0 ▶ 5G (第5世代移動通信システム)、Beyond 5G ▶ IoT (Internet of Things)
- ▶ ITS、コネクテッドカー ▶ 衛星・屋内測位、位置情報 ▶ 工場向け無線技術・システム
- ▶ ミリ波・テラヘルツ波技術 ▶ 極限環境ワイヤレス (宇宙・洋上・海中通信等) ▶ ロボット・ドローン通信技術
- ▶ Society 5.0 ▶ 5G, Beyond 5G ▶ IoT (Internet of Things) ▶ ITS, Connected Cars ▶ Satellite/Indoor Positioning, Location Information
- ▶ Wireless Technology/System for Factory Use ▶ Millimeter/Terahertz Wave Communications and Applications
- ▶ Wireless Technologies for Extreme Environments (e.g. Outer Space, Off-Shore, Underwater) ▶ Communication Technologies for Robots/Drones

## 出展募集中 Exhibitor Application Now Open

WTP welcomes participants from overseas to promote new collaborations and global innovation through various initiatives.

## WTP - Special Expo for Wireless Technologies that Create the Future

Wireless Technology Park (WTP) is Japan's largest-scale annual event that focuses on the latest R&D of wireless communication technologies. In cooperation with public and private sectors including educational and research institutes, WTP, which consists of an exhibition, seminars, and Academia programs, will introduce state-of-the-art technologies that expand the possibility of new business such as 5G and IoT, in order to help promote world-leading R&D. Engaging tech-loving visitors, WTP 2019 is expected to attract more than 50,000 attendees that are comprised of engineers, researchers, developers, dealmakers, financiers, and regulators.

**WTP welcomes exhibitors and visitors from overseas, in the interest of global interaction and research collaborations through various opportunities such as product showcases, academic programs, business networking, B2B matchmaking support, and more.**

### Academia Poster Session

WTP offers academic institutions complimentary space for displaying posters and announcing R&D results. It is a great opportunity to publish news for personnel from industry.

#### Themes

Wireless technologies and technology transfer:

- Methods and systems
- Wireless transmission technologies and tools
- Circuit boards and devices
- Software
- Intellectual property rights that can be transferred to private enterprises
- Requirements and conditions for external research support from private enterprises, TLO, etc.

#### Offers and Conditions

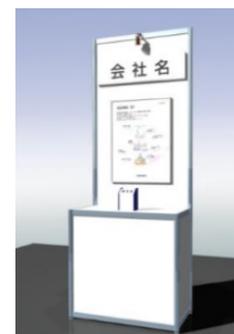

- Free of charge up to 3 posters
- Size limit per poster: W900mm x H1,200mm
- An additional fee will be required for equipment such as a display table, electricity, etc. Please contact the show management for more details.
- Applicants must belong to an academic laboratory for a undergraduate/master's degree or PHD.
- Booth personnel have to be arranged during the session.

### Limited Startup Package

This offer is exclusively available for startups. At a reasonable cost of only 50,000 yen (incl. tax), start-ups can exhibit a booth at WTP and promote their business effectively.

This package is only available for 4 orders on a first-come, first-served basis.

### International Session

One of the attractive advantages for exhibitors from overseas is a complementary opportunity to lead a seminar in "International Session".

Every exhibitor from overseas can stand a chance of becoming a seminar presenter and promote their R&D or introduce the products to Japanese audiences directly.
